### Hurray for Empire.

Empire stood in nobly with the county ticket, rolling up the biggest majority in her history for the Republican ticket. It must have been that those Mugwump demonstrations down there did the business.

—American Flat mines are doing well. The ore averages \$40 a ton, and there seems to be an abundance of it. A cash offer of \$45,000 was made for the Quinn mine last week, and refused.

## A DEMOCRATIC APOLOGY.

The Chronicle Pays Its Respects to Our Next Governor.

The Chronicle of last evening says:

This afternoon it is conceded that Mr. Stevenson has been elected. The Chronicle need hardly say that the success of the Republican candidate causes it sincere regret. We have opposed him energetically for reasons with which the public is familiar. Those reasons, as the Chronicle presented them, were drawn from his record as a State Senator, and from statements made to us by men whose veracity could not be doubted. During the canvass we said nothing about Mr. Stevenson which we did not believe to be true. His election does not alter our opinion that he deserved defeat. However, now that he has been elected, let us hope that in the administration of the high office to which he has been called he will disappoint the fears of those who regard him as the choice of the corporations rather than of the people.

The CHRONICLE is a Democratic newspaper but that will not prevent it from doing a Republican Governor justice. Governor Stevenson may be assured of the CHRONICLE's hearty support to the fullest extent of his deserts. Let him be true to the public interest and no organ of his own party will be readier than the Democratic CHRONICLE to award him credit and to strengthen him in all worthy purposes.

### ALL SORTS.

—Wizard Oil at Geo. Thaxter's. \*  
—The Mugwumps have been hit hard.

—Rheumatism, and similar diseases, caused by a low state of the system, are cured by using Ayer's Sarsaparilla.

—There is now talk of getting up a new party here in Ormsby. It will be called the "Disunited Loafers Party."

—Miss Wilsey's class, Roll of honor for October:  
Virginia Belknap, Emma Trapp, Lottie Meder, Annie Schulz.

—A lot of Chinese left town when they heard the Mugwumps had been snowed under. The Fusionists have no further use for the Chinese after the election and they are on the move. Good bye John!

—Once more the citizens of Ormsby see a large mound of snow in the centre of the city and are informed that the figure of C. N. Harris lies beneath it. It lies in the old spot just where they see it every two years.

—Mr. Osborne, who is now running the Carson Steam Laundry, is doing a steadily improving business. Mr. Osborne has an estimable family who assist him in the business he so thoroughly understands.

—A fine constitution may be broken and ruined by simple neglect. Many bodily ills result from habitual constipation. There is no medicine equal to Ayer's Pills to correct this evil, and restore the system to natural, regular and healthy action.

—The Adams Fair sack has been here for some time. A few of the boys in Aurora got a dividend, but not many. There is a unanimous delinquent list in Hawthorne. That bag was not placed where it could do the most good—Walker Lake Bulletin.

—Senator Stanford is being solicited to build a railroad from Truckee to Tahoe City, a fine hotel at the latter place and a fine first-class large steamer for the lake. The railroad would cost about \$150,000, the hotel about \$100,000 and steamboat about \$75,000.

—Now that Washoe county has elected a Mugwump legislative ticket, and Ormsby is in line with the party, it will be an easy matter to move the Lunatic Asylum up here. Washoe has been grabbing at our Public Buildings for years, let us dose the Washoites with their own medicine.

—A reliable citizen states that the threat has been made by many Leaguers that they will do all in their power to foster Chinese and ignore white men as laborers.—Tribune.

We cannot understand why they talk in this way, certainly the election can make no difference. Is it possible that these men joined the League for political purposes?

## THE ADAMS WATER LOG.

The APPEAL congratulates the people of Nevada upon the retiring from public life of Jewett Adams. (We all call him Jewett now.) Six years ago this paper first began to call the attention of the voters to his character as an official and his work ever since to shed light upon it. His political career has been that of a man who subordinated every interest, that of his friends and of the State, to his own selfish ends. On Tuesday he reaped the fruits of his treachery. He was given the Elko nomination that he might be slaughtered at the general election. The Democratic voters were not satisfied that he should be laid out at Elko, they all wanted a chance to rend him and make his slaughter general. On election day he was traded, sold, trampled and spat upon by the Democratic voters, and the long line of men he had betrayed in politics were there to move the bloody scalping knife over his head. He was ignorant and vain enough to believe that he was invincible and could cover up his tracks as of old.

The instant he tried to trade Sadler in Storey, the message went over the wires and Sadler mashed him in Eureka. Tom Bell's friends heard that he was trading him also and they slew him in Nye. He swapped about four votes on Eschley and Storey county tramped on him. The friends of Cannavan, Bradley, Burke and others opened the war on him everywhere. Hock Mason hacked him up in Esmeralda and Stevenson's solid phalanx trampled him under foot everywhere.

On Jan. 1st a self-respecting, honest, dignified Republican Governor will head the administration of this State.

### THE STATE.

Nevada still holds its place in the Republican line. The State ticket is clean Republican with the Supreme Judge in doubt. Congressman Woodburn will be returned to his post of duty and McMillan the unfortunate victim of the joint debate proposition is the worst beaten man on the ticket.

The re-election of Woodburn by so decisive a majority is a fitting rebuke to the anti-silver Administration at Washington, and a gentle reminder that the people of Nevada will not allow the Mint to be closed, or the mail routes curtailed in the interests of a parsimonious economy, which saves one dollar where it wastes ten.

The voters have endorsed the Republican administration of State affairs. It is a splendid victory, and shows what can be done when all hands put their shoulders to the wheel and work together. The only outcast in the whole party is Powning.

### Acknowledging Defeat.

The rabid Virginia Footlight says:  
Returns from all over the State point to the fact that the Republicans have made a clean sweep.

C. C. Stevenson will be our next Governor. He has not compromised himself with regard to the rights of men to organize for mutual protection, and if he does anything in favor of such organizations it will come voluntarily and redound much more to his credit.

Wm. Stewart will be our next U. S. Senator. We expect nothing good from him and don't feel sorry for anything we have said against him.

### Stewart Wins.

At midnight the indications were that Stewart would have 42 votes in the Legislature. A dispatch from Virginia gave Stewart the Storey Legislative ticket, with the exception of possibly one Democrat, Walsh. Stewart is the next Senator.

### The Latest.

As the APPEAL goes to press there are two hundred ballots to count on the county, and they are straight Republican. It is now certain that the Republicans elect their entire ticket in Ormsby by over 100.

### Election Bets.

While it is true that election bets decided nothing, and should be discouraged, still if you have made up your mind to make a hazard, let it be at the Hofer Bros. new store.

—Fair's bullion was not well distributed in Ormsby.
